*Are you ready to take your coaching practice to the next level?*

### Do you want to...

- ✓ Gain a solid grounding in the skills, principles and models of coaching
- ✓ Become certified as a coach with an academic qualification and professional accreditation (APECS)
- ✓ Embed your learning through plenty of practice in a safe environment

### PLUS

- ❖ Build psychological mindedness and developmental awareness
- ❖ Work on your own personal development and emotional mastery
- ❖ Explore and experience the field of psychospiritual psychology

The **Post-Graduate Certificate in Psychosynthesis Leadership Coaching**, validated by **Middlesex University**, gives you all this in a five-month, part-time course (typical study period 10-12 months)

**Five 3-day training workshops** (Friday-Sunday), are held over five consecutive months. The pre-requisite is to have attended the **Fundamentals of Psychosynthesis** (4 days), or an equivalent introduction to Psychosynthesis, e.g. **The Essentials** at the Psychosynthesis Trust.

These are supported by **self-directed learning activities**, including reading, self-reflection, peer-coaching, tutor supervision and written papers.

This evolutionary programme goes beyond conventional performance and behaviourally oriented approaches. Suitable for internal and external coaches, both experienced and those new to the role.

The workshops are highly practical, experiential and focused on giving new coaches the basic skills they need and more experienced coaches an opportunity to integrate their learning with new perspectives.
