LEADERSHIP CALL

- What it means to you?
- In what ways are you a leader?
- In what ways do you want to develop as a leader?
- Should we & how can we develop evolutionary leaders
(who can sense + respond to the crisis?)

LEADERSHIP CALL

1. Meaning to us

- guidance - direction - shepherd
comes from vision
small piece from synthesis

- utrio is connected with a common good

- connect with the group

- action - courage - will - capacity
strong to make choices

2. How are we leaders?

- Leading / living your life.

- also in small things

- point of synthesis

- for on selves, customers, friends, family etc.

- small scale can be powerful

- leading emotions, thoughts, energy

the more I lead the energy in myself

the more my leadership can expand

(from inner to outside)

3. Do the leaders we know now, did they have the process of our own synthesis → NO!

Is the evolutionary leader aware of interconnection of all things and can see the system of / in their whole.

ownership + responsibility → for a higher good.
